

PUBLIC NOTICE:

REGION 41 (The State of Utah) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES THE FIRST MEETING

Region 41 (The State of Utah) 700 MHz Public Safety Planning Committee announces that the first meeting will be held on Friday November 21, 2003 at 10:00am at the Valley Emergency Communications Center, 5360 South Ridge Village Drive, Salt Lake City, Utah. The purpose of this meeting will be:

1. Establish a 700 MHz Regional Planning Committee
2. Elect a Chairperson

The Region 41 700MHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers in Utah could utilize these frequencies for mission critical operations. It is essential that participants be representatives of all eligible public safety providers in order to ensure each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of the new public safety spectrum in the 700 MHz band within Region 41 should plan to attend. For further information about the meeting please contact:

Steve Proctor, Convener
